Yes we may be a small fair, but man do great things come in small packages. We would like to invite you to celebrate this year's theme with us **Barn to be WILD**. This year we will again be celebrating our Fair Friends of the Year, family games and bring you some exciting entertainment. Be sure to check out the Open Class Home Arts & Small Animal Departments. We strive to be sure that our fair is a family friendly experience to be shared with all ages. We are a County Fair who is lucky to have such rich agricultural heritage, which is why we like to focus on that with a community that comes together to celebrate our youth and their very hard work.

A very special thank you to all the volunteers, groups, clubs, and businesses that have donated awards, sponsorships, donations, gifts, time and equipment to help make this a successful community event. We truly couldn't do it without you!

FUTURE PLANS FOR BAKER COUNTY FAIRGROUNDS

We have been busy making plans and improving the Conference & Event Center. The Baker County Fair continues to grow and making changes in the facility will accommodate that growth. We are excited to say that there are a few things in the making for change this year which will include getting a large fan for the Cockram Arena, which will help with ventilation during those hot summer months.

Thank You!

To all businesses, foundations, private citizens and the Friends of the Fair for your contributions to these projects

MARKET ANIMAL AUCTION

4-H/FFA Livestock Auction From all over Baker County, 4-H and FFA members bring their steer, sheep, swine, weather goat, rabbit, and poultry market animals to the fair to be judged for proper care, quality and showmanship. Their animals are then sold at an auction. To make this educational program succeed, individuals and businesses are needed to support the market sale. The cost of raising one animal is much more expensive than the cost per animal in large, commercial operations.

Friday, August 11th 6:00 p.m. ~ Auction, BBQ 4:00 p.m. - 6:00 p.m. (Complimentary To Buyers) BBQ Beef Tri-Tip provided by: 4-H and FFA Exhibitors

Sale Order: Goat, Poultry, Sheep, Steer, Rabbits, Swine

How can you be involved?

1. Purchase and Resell. Most buyers purchase an animal for a premium and resell it to a local packer at the market price. The difference between the purchase price and the sale price is a donation made to the 4-H/FFA market livestock sale. A local packer guarantees to buy all animals at the fair and it takes no special effort on your part to resell the animal.
2. Outright Purchase for Home Use. For those who want the animal for home use, indicate on the sale slip where the animal should be butchered. They will contact the name listed on the buyer's receipt.

You don't have to be present at the sale to participate . . . Livestock Auction Association members are available to buy in your behalf, following your instructions and limits. If you would like more information, please contact one of the members of the Livestock Auction Association or the Extension Office.

SALE COMMITTEE MEMBERS:

Martin Arritola, Seth Bingham, Cheryl Buchanan, Jake Collier, Joe Denig, Jordan Ferguson, Drew Martin, Nicole Merchant, Adam Robb, Terri Siddoway.

PAYMENT OF PREMIUMS:

All 4-H/FFA premiums will be distributed ONLY to Parents/LEADERS/ADVISORS at the awards banquet or in the Extension office following the banquet.

All premiums not collected and/or cashed by December 1st will revert back to the Fair Board.

No premiums will be mailed. If funds are available payment of premiums will be made in full amounts as listed, however, the Fair Board reserves the right to prorate premium money in the event there are insufficient funds to pay the full premiums awarded by the judges. After December 1st NO premiums will be issued. Trophies will be awarded when they are won. Those that can't be awarded at that time will be given at the awards ceremony.

4-H and FFA Guiding Principles

Members wishing to participate in both 4-H and FFA should be encouraged to do so.

4-H or FFA members may participate in any program offered by their respective organizations. In the case of animal projects, students should identify separate animals for each organization and separate records to meet the reporting format requirements of the respective organization. In the case of project enterprises, a member may engage in the same specific animal or exhibit in both organizations at the same time and event. For example, if a member wishes to participate in both 4-H and FFA with their sheep program, they would not be able to show the same animal in both 4-H and FFA, but they would have the option of having one set of animals for their FFA program and a different set of animals for their 4-H programs, with separate records according to the requirements of the respective organizations. Members may use the same animal in both organizations for performance events (horses and dogs). These Guiding Principles are not intended to imply that any local organization should/cannot limit the total number of animals or exhibits that an exhibitor could bring to the competition for awards and premiums. Those decisions should be made locally and should be based on what is in the best interest of the programs within the limits of the local resources. In non-exhibit projects such as public speaking, members should be encouraged to develop different speeches in order to meet the format and judging criteria of the respective organizations, however, the student may use the same basic content and structure or enter an item of similar quality content. It is recommended that district or county meetings be held with agents, agricultural and natural resources teachers, and local organization leaders to discuss their roles and to determine local application. Frequent contact between the agents, teachers and leaders for mutual support and planning of leadership development programs are encouraged. It is the goal of both 4-H and FFA to clearly articulate the intent to work cooperatively to support young people who are interested in agriculture, agri-business and leadership development.

Outstanding Angus Exhibitor Western States Angus Auxiliary

The Western States Angus Auxiliary, 1470 Eureka Lane, Templeton, CA 93465, will present an award to the outstanding 4-H/ FFA Angus exhibitor. The judge of the Beef Show will be asked to make the selection of the winner based on show ring placing of individual animals and placing in showmanship.

The following point system must be followed:

Conformation placing: Grand Champion 40 points; Reserve Champion 30 points; 1st place 20 points; 2nd, 15 points; 3rd, 10 points; participated in showmanship, 6 points; 25 points for an educational display promoting the Angus breed. If steers and breeding animals are both exhibited, points may be combined to select a winner.

For Breeding Animals, the animal must be registered with papers. Open to exhibitors with one or more breeding and or market animals. Previously winning the award shall not exclude an exhibitor from winning it again.

For Market Steers this award should go to the highest placing predominately black steer, the sire must be Angus.
